

HIPAA SECURITY  
COMPLIANCE DATE:  
**4.21.2005**

Covered entities, with the exception of small health plans, must comply with the requirements of this final rule by April 21, 2005.

*-Health Insurance Reform:  
Security Standards; Final Rule*

## IS YOUR PRACTICE HIPAA COMPLIANT?

Contact us for a free site survey  
of your current IT infrastructure

*"Xpert Technology Solutions has been consistent with a philosophy of establishing systems support and service with a keen concern for customer satisfaction. Xpert Technology Solutions understands that timely responses to calls and problems builds trust and satisfaction. We wholeheartedly recommend XTS."*

**XPERT**  
TECHNOLOGYSOLUTIONS  
INFORMATION TECHNOLOGY CONSULTANTS

Xpert Technology Solutions, Inc. provides professional technology services and proven business solutions to meet the needs of healthcare practices. Our certified engineers specialize in enterprise technology solutions including network infrastructure design and implementation, wireless, and security. By offering in-depth knowledge and extensive experience, our specialists can tailor comprehensive and affordable IT solutions that fit the unique needs of your business and create a growth path to enable future business objectives.

Our organization believes that the customer comes first. Xpert Technology Solutions has a proven track record, an enduring commitment to customer satisfaction, and the expertise your practice needs. Our customers span a wide range of medical practices, from Dentists and Dermatologists, to Ophthalmologists and Family Practices, and many more. We service customers ranging from one user in size to organizations spanning multiple sites around the Triangle.

Due to our focus on medical practices, our engineers have seen and can handle any need that may arise in any size practice. Xpert Technology Solutions is partnered with NCHIA.org to insure our clients stay ahead of the HIPAA curve. Our staff is composed of engineers that have extensive backgrounds in the medical technology industry and make up one of the most experienced and knowledgeable teams in North Carolina.

Xpert Technology Solutions is your single source for expert professional services in customized network planning, design, implementation and consulting. Taking advantage of leading practices and methodologies, expertise, and world class consulting and engineering, our team of certified system engineers delivers high-performance, reliable and effective network solutions. Our Organization understands secure network architecture and the management of mission-critical data and tailor our recommendations to provide you with resilient solutions that offer the highest return on investment (ROI).

**OUR SERVICES INCLUDE BUT ARE NOT LIMITED TO:**

- LAN/WAN Design, Implementation and Support
- Voice and Data Consulting/Wiring
- Wireless Design, Implementation and Support
- HIPAA Security
- Hardware and Software Support
- General Helpdesk for Common Applications Such as Microsoft Office, Internet Explorer, Quickbooks
- Internet Connectivity and Security Support
- Disaster Prevention and Recovery

**WE ARE ALSO FAMILIAR WITH MOST PRACTICE MANAGEMENT AND EMR SOFTWARE INCLUDING:**

Centricity, eClinicalWorks, A4/Allscripts, Cerner, Logician, Compulink, NexTech/ Mirror, Patterson, Dolphin, Ortho II, Dentrix, Intergy, Lytec, Nextgen, Alteer, Misys and others.

Xpert Technology Solutions understands that businesses have different needs when it comes to IT support. There are multiple pricing options to accommodate the needs of every individual practice.

**OPTION 1 - PER HOUR**

Designed for clients who need limited and specific IT solutions.

**OPTION 2 - BLOCK HOURS**

A prepaid service contract that provides full coverage at discounted rates. Credits DO NOT expire until consumed and hours can be applied toward any IT services currently rendered by Xpert Technology Solutions.

**OPTION 3 - MAINTENANCE**

Designed for clients who are looking for a long term IT service provider. This option provides you with the peace of mind that for the same low fee each month, you will have unlimited IT support and consultation at your disposal.

**OPTION 4 - PROJECT**

This option is designed for short term, high involvement projects.

*“Xpert Technology Solutions has always responded with expediency, professionalism, and more importantly, the Right Solution!”*
